

Here comes Summer!

Over the May half term, try to complete as many of these activities as possible! There will be some resources linked to these activities available on the website too.

Read some stories about the summer. They might be to do with the beach, animals enjoying the sunshine, ice cream or anything else that makes you think of summer!

Write an acrostic poem. You can [print the template](#) from the website or create your own.

Can you find all of the words on the summer themed word search? [It can be printed from the website](#)

Can you complete the summer themed maths activities? [These can be found on the website.](#)

Design your own sun glasses or sun hat. You can [print the templates](#) from the website or create your own.

Create your own ice-cream craft.

[Instructions can be found on the website.](#)

Collage your own sunshine or flower using ripped up newspaper, magazines or coloured paper.

Have a mini sports day at home. Don't forget to send us your pictures!

Can you have an ice-cream sundae competition with the people in your house?

Look on this website for inspiration...
