

Year 5 Art Task - Spring Week 6

We have explored the works of several abstract expressionists, and we have experimented with different ways to make marks on paper.

Your final task in this topic is to try to create an abstract piece of art based on a natural disaster of your choice! Remember, you are *not* trying to copy what they look like, but to show the power and ferocity of them!

To think about:

- the abstract expressionist art you liked the most,
- the most appropriate mark making for your chosen disaster,
- the colour(s) you will choose for your piece,
- the medium you will use (pencil, pen, colouring pencil, paint, oil pastels ipad digital drawing).

Have fun!
