

11th October 2018

Dear Parents and Carers,

REACH2 have created a trust-wide enrichment programme, called 11 Before 11, that aims to offer all pupils 11 amazing experiences before they leave primary school. We are aiming to implement this new and exciting programme of activities throughout your child's time at Eastbrook.

Many of the activities will involve expertise and resourcing outside of school. Some of the activities include:

- Sculpture
- Donkey/Horse riding
- Tents, Telescopes, Knowledge of Space
- Bollywood Dance
- Theatre/Costumes/Shakespeare
- Gardening tools, seeds, pots
- Water Sports
- Supporting a Charity

To help keep the cost of each activity to a minimum whilst still providing your children with meaningful experiences, we would like to ask if you would be able to help us in any way. This could be through contacts that you may have, equipment we could borrow or expertise you could provide us with.

If you feel you would be able to help, please contact the school office. Thank you for your continued support, we look forward to hearing from you.

Miss Sussman
Enrichment Co-ordinator
